4th of July Menu

Drinks

INDEPENDENCE PUNCH

Cranberry Juice

A large drink dispenser

Blue Gatorade Frost

Diet 7-Up

Ice cubes - enough to fill the entire drink container

Fill a drink dispenser with Ice. Pour in the Cranberry Juice
Next Pour in the Blue Gatorade Frost, BUT make sure that when you're pouring the Blue Gatorade Frost that you pour straight onto some of the ice to gently add the layer. If you pour it directly into the juice it will mix!
Next, pour in the Diet 7up, also pour onto an ice cube to prevent them from mixing.

You could do this with any color drink combo. You just need to use drinks with varying amounts of sugar, since those that contain more sugar (such as soda) are denser than those with less (such as diet drinks), this makes it possible to actually stack one on top of another.

RED WHITE AND BLUE PEANUT BUTTER ICE CREAM

1/4 cup creamy peanut butter

2 cups heavy cream

1 tablespoon vanilla

1 (14 oz) can sweetened condensed milk

1 bag (10 oz) Red, White and Blue Peanut Butter M&Ms

Add peanut butter to the bowl of a stand mixer. (Or into a large bowl and use an electric mixer). Mix for a few seconds. Whip in heavy cream and vanilla a few minutes until stiff peaks form. Add in the sweetened condensed milk and whisk until combined. Fold in 3/4s of the M&Ms. Spoon mixture into a loaf pan. Top with the rest of the M&Ms. Freeze for several hours or overnight until frozen.

****NOTE/TIP**** - a glass loaf pan will work but a metal one will freeze the ice cream better.
